The image displays a collection of electronic devices, including a desktop monitor, a laptop, a tablet, and three smartphones, all showing different views of the Sea Engineering website and mobile application. The desktop and laptop screens show the company's homepage with sections for storage solutions, services, and contact information. The tablet screen shows a dashboard with various performance metrics like total requests and users. The three smartphone screens show the mobile version of the website, highlighting features such as ISO certification, customer counts, and service offerings.
